

Family 278. STYLIDIACEAE

Revision:

Slooten, DF van. 1954. Stylidiaceae. Flora Malesiana series 1, 4: 529-532.

1. *Stylidium* Swartz ex Willdenow

1. *Stylidium alsinoides* R Br., Prodr. (1810) 572; --Merr., Fl. Manila (1912) 464; EPFP 3 (1923) 591;
--Sloot., Fl. Males. ser. 1, 4 (1954) 531.

N Australia and Queensland, Malesia: S New Guinea, SW & SE Sulawesi, Philippines.
LUZON (Nueva Vizcaya, Zambales, Rizal, Cavite). Open grasslands, sometimes a weed
in rice paddies, 0-1800m. Merrill (1923) cites 6 collections from the Philippines, but
according to van Slooten, none was seen by him for the Flora Malesiana revision.
